S. G. FORBES,
Chief Electrical Engineer.

OFFICE OF THE DEPUTY DIRECTOR OF AGRICULTURE IN MYSORE, BANGALORE.

Notification.

Sealed tenders will be received in the Office of the undersigned up to 10th February 1939 for the transport of the spraying materials noted in the schedule.

2. The tenders should be sent in the form given below noting rate at which the transport will be undertaken.

3. The rates quoted by the contractor should hold good for a period of one month from the day of the opening of the tenders.

4. The rate quoted for the transport of the materials to each place will be considered as a separate tender by itself.

5. The earnest money as shown in column 9 of the schedule should be in currency notes or in the form of cheque on the Imperial or Mysore Bank.

6. The undersigned does not bind himself to accept the lowest tender or to assign any reason whatsoever for the rejection of any tender. If any person withdraws his tender before the acceptance or rejection of his tender is communicated to him or when the tender is accepted fails to deposit the security amount and execute any agreement for fulfilment of the contract as specified below, the earnest money deposited by him will be forfeited to Government. The acceptance of the tender rests with the Director of Agriculture.

7. The contractor shall be held responsible not only for delivering the correct weight of the material at the destination but also for safeguarding damage by rain or other causes during the time they remain in his charge.

8. The name of the successful tenderer will be notified and he will be required to deposit as security the amount noted in column 10 and to execute an agreement for fulfilment of the contract as soon as the intimation of acceptance of the tender is received. The earnest money on rejected tenders will be returned.

9. In case of dispute of any kind with regard to the actual road mileage or any other aspect of the contract, the decision of the undersigned shall be final.

10. The contractor should undertake the transport early. The materials will be given to the contractor at intervals during a period of six months (either whole or in part) at the Station in the schedule. This contract will be in force for six months from the date of acceptance of tender.

OFFICE OF THE JUNIOR ASSISTANT BOTANIST, GOVERNMENT EXPERIMENTAL FARM, HIRIYUR.

Notification dated 21st January 1939.

1. Sealed tenders for the supply of undermentioned feed articles to the Government Experimental Farm, Hiriya (about 3 miles from Hiriya and 28 miles from Chitaldrug Railway Station) will be received in the Office of the undersigned up to 2 P.M. on Monday the 13th February 1939.

2. The tender should be superscribed "Tender for the supply of feed articles to Babbur Farm" and the rate offered should be per maund of 28 lbs. in the case of rice-bran and cotton seeds and per palla of 100 seers in the case of common salt, including the cost of delivery on the Farm.

3. The tender should accompany an earnest money of Rs. 50 in cash.

4. The acceptance or rejection of any tender rests with the Director of Agriculture in Mysore, Bangalore, whose decision will be final in the matter without assigning any reason therefor.

5. The earnest money of successful tenderer will be retained and those of unsuccessful tenderers will be returned at their own cost on receipt of information from the Director of Agriculture for acceptance or otherwise. The earnest money so retained will be adjusted towards the cash security to be furnished by the successful tenderer in fulfilment of the contract.

6. The successful tenderer will be required to execute an agreement on twelve annas stamped paper and must deposit a cash security of one-fifth of the value of the articles to be supplied by him, within a week from the date of the acceptance of tender.

7. The contract should be for about six months, i.e., up to the end of June 1939.

8. The articles should be delivered on the Farm and the articles delivered must be pure and free from mixtures. The weight and measurements of the Farm must be accepted as correct.

9. The tenderer should agree to supply the articles whenever an indent is placed with and for the quantity ordered. If the supply thus made by him is not approved by the Farm Manager, for their quality, he must take them back at his own cost and arrange to supply fresh articles and if not the articles required will be purchased in the open market at his risk and the contractor is bound to make good the loss incurred thereby.

10. The quantity mentioned in the schedule is only approximate and cannot be guaranteed and in case more quantity is required the tenderer is bound to supply them at the tendered rate.

11. Failure to comply with any of the above conditions on the part of the successful tenderer will entail not only the cancellation of his tender but also forfeiture of the amount deposited and he will also be liable to make good any loss incurred by Government by calling fresh tenders or by purchase of the articles in the open market.
